

Bering Drive Church of Christ

Spring 2016

In recent months the Pastoral Team and Ministry Staff have been engaged in study and conversation on the subject of same-sex relationships and marriage. The attached annotated bibliography contains resources, representing a spectrum of viewpoints, which we have found helpful in considering this important topic.

Copies of some of these resources are available in the church library for check-out. Other resources are accessible online or are widely available for purchase.

We invite you to make use of these resources, and to join us in our ongoing conversation

Grace and peace to you in the name of our Lord Jesus Christ,

The Pastoral Team
